

# Summerville

ART FESTIVAL

**JOIN OUR CELEBRATION  
OF ART AND COMMUNITY**

The third annual festival takes place in the beautiful community of Summerville on the Kingston Peninsula from 14th to 19th August. A lively and interactive experience for art lovers of all ages, featuring live music, food vendors, workshops and artist talks, the festival attracts over 1,500 art enthusiasts from across the region. A dynamic celebration of art, culture, and community that

brings together emerging talents and established artists from all over Canada.

The festival provides an excellent opportunity to discover new artists, explore diverse art forms, and immerse yourself in the natural beauty and vibrant culture of Summerville.

Highlights include an appearance by the much loved painter Ed Coleman, live painting with Judith Baxter, an introduction to encaustic painting (creating art using beeswax!) with

Angela Lane, Doris Calder and Gail Kelley sharing tales of life on the Kingston Peninsula in the early 1900's, a felting workshop with Josée Hurteau, Ottawa-based artist Christopher Griffin on the Intersection of Graffiti and Art, Alice Luu on using AI as a generative art tool, a stone carving demonstration with master of the artform Phil Savage, afternoon tea with Louise Scott and The Cloud Factory Exhibit with Chris Donovan and so much more!

Organizer Cindy Scott has once again pulled off something really remarkable in one of the most beautiful places on earth. Immerse yourself in the world of some of Canada's most admired artists

in the Peninsula paradise.

Cindy tells [EDIT]ION: “The Summerville Art Festival 2023 has expanded from a one-day event to a one-week artistic celebration! We are thrilled to welcome artists from across Canada to join us for this special occasion. We're offering a week filled with workshops, engaging artist talks, and unprecedented art exhibits. This year, Summerville will truly celebrate its artistic heritage!”
